Gordon 71, Tel Aviv

0527248296

29/03/1991

Graduated with a Bachelor in Business and Finance from IDC Herzliya and more recently with a Computer Science coding bootcamp by working on projects using skills such as HTML, CSS, Javascript and frameworks like Mongodb, Express, Angular, JQuery or React. After previous experiences in Real Estate Investment and Sales and Marketing, I am currently looking for a Junior Front-End Developer position with a view to develop my knowledge and take on new challenges.

## Professional experience

March 2016 – Jan. 2017          **Mine Is Yourz,** Property management service          Tel Aviv, Israel

Co-founder

- Hassle-free professional Airbnb property management and services for short stay rentals.

- Providing our clients a hotel service inside the different apartments.

- Managing the company's finances.

Oct. 2014 – Feb. 2016          **Ybox**, Real Estate Investment          Tel Aviv, Israel

Sales and Marketing

- Building a marketing plan for the different real estate projects of the firm with the help of advertising and marketing companies.

- Working with independent real estate agents to promote the projects.

- Creation and development of the French-speaking database with the objective to sell on-paper properties.

| Jan. 2010 – Oct. 2011 | **IDF,** Kfir Brigade | Israel |

- Passed a seven-month formation as a combat counter-terror soldier.

- Managed a team of four soldiers when serving in the West Bank and at the Lebanon border.

## Education

| 2017 | **Elevation Academy** | Tel Aviv, Israel |

- Coding bootcamp of front-end development.

| 2011-2014 | **Interdisciplinary Center (מרכז הבינתחומי)** | Hertzliya, Israel |
